THE DAILY NEWS.

Newport:

THURSDAY, JUNE 3, 1847.

BY O. F. JACKSON, 97, THAMES-ST.

ASYLUM COMMISSIONERS.—In our report of the officers elected at the Town Meeting, yesterday, we neglected to mention the Asylum Commissioners. Messrs. Wm. C. Cozzens, Felix Peckham and Wm. Sherman were elected.

It was voted in town meeting to publish the Asylum Commissioners' Report, provided it could be done without any expense to the town. We shall publish such parts of it to-morrow as will be of interest to the public, not for the purpose of encouraging such action in the premises, for it ought to be paid for, but as a public journalist.

ACTION OF THE IRISH RELIEF COMMITTEE IN DUBLIN.—It appears that among other movements in London for the benefit of the Irish sufferers, was a performance at one of the theatres, the proceeds of which, amounting to some seventy or eighty pounds were placed in the hands of Lord John Russell, and were by him remitted to the central relief committee. The money reached Dublin on the 25th of March, and on the same day a special meeting of the committee was held to consider whether this contribution should be received. A vote was taken, and it was resolved that the money be forthwith returned for the reason that, by receiving it, the committee would join hands with play-actors, help to support nurseries of debauchery and wickedness, and countenance practices wholly unbecoming a people under the Christian profession, and contrary to the tenor of the doctrine of the Gospel.

Only a few days before sum of eleven thousand pounds sterling had been received from the United States, also for the relief of the distressed Irish, two thousand five hundred pounds of which had been contributed by the cities of Charleston and Baltimore. A meeting of the committee was held on this occasion also, and after some discussion it was voted that the money be received—two of the members, Richard Allen and Henry Russell dissenting. One of the dissentents, Richard Allen, has published at large his reasons for this dissent, in the form of a letter to the majority, comparing and criticizing the action in the two cases, and insisting that, if it was right to receive the money of the slaveholders, it would have been equally right, on exactly the same principles, to receive that of the play-goers also.

The New York Commercial Advertiser, in examining these reasons, comes to the conclusion, that whatever may be the opinions of the Committee, they have nothing to do with the sources whence donations may come. Their duty is to act as almoners, and feed the Irish.

At Montreal the dearness of provisions is now very severely felt by all classes. Vegetables are scarce, flour rising, potatoes poor, and animal food, with the exception of eggs and butter, are something like double the price ever known before.

The Picayune's correspondent writes from Jalapa, May 13th, that an intelligent Spaniard informs him that all the poorer classes in the city are suffering unparalleled distress.

All the employers of the government—the secretaries, clerks, and all who depended upon their salaries for support—are literally starving. They have received no pay for months, and are fairly obliged to beg the food with which to maintain life. Gaunt distress stalks through every street and thoroughfare, and even the better disposed are compelled to steal or call upon charity to save them from starvation.

FLOUR COMING.—It is said that about 2,000,000 barrels of flour will be forwarded from the Lakes to Buffalo, as fast as transportation can be obtained. There was never such a pressure of forwarding business at Buffalo before, and freights are increasing. As high as 11s. 6d. per barrel has been refused at Buffalo, for freight to Albany, and vast quantities are on the way.

At the Mason County Circuit Court, Ky., Mrs. Henrietta Bishop recovered \$3000 from one James Smart, for debauching her daughter.—*New London Star.*

SUNDAY.—The battle of Palo Alto was fought on Sunday, the 8th of May.

The Mexican army arrived and took position in front of Monterey on Sunday, the 20th of September—the battle commenced the next morning.

The battle of Del Norte, New Mexico, was fought on Sunday, the 21st day of February.

The battle of Buena Vista commenced on Sunday, the 21st day of February.

The surrender of the city and castle of Vera Cruz was made to General Scott on Sunday, the 27th day of February.

The battle of Sacramento, Chihuahua, was fought on Sunday, the 28th day of March.

The battle of Cerro Gordo commenced on Sunday, the 17th day of April.

STRIKE AT RICHMOND.—The white workmen upon the iron works at Richmond, Va., have quit their employment in a body, mainly because slaves were employed in some of the establishments. The Richmond Times says the principal is advocated, for the first time in a slave-holding state, that the employer may be prevented from making use of slave labor. This principal strikes at the root of all the rights and privileges of the master, and, if acknowledged or permitted to gain foothold, will wholly destroy the value of slave property.

The Picayune gives a list of 37 American steamboats, now running on the Rio Grande, of which 22 belong to Government, and 15 to individuals—besides which 11 have been lost.

There were erected in the city of St. Louis during the year ending on the 1st inst., nine hundred and thirty-two houses.

NAVAL.—We understand that Com. Kearny is ordered to the command of the Gosport Navy Yard, in place of Com. Skinner, appointed the chief of the bureau of construction, equipment and repairs.

NAVAL.—Pursers of more than twelve years, (so Judge Mason says,) will rank with commanders. Pursers of less than twelve years, with lieutenants.

A RUSH.—The grain warehouses of Cleveland, O., are said to be 'full to bursting,' and the streets of that growing town thronged with wheat teams from fifty miles around.

The Cincinnati Gazette states that there is promise of a larger crop of strawberries this spring than ever.

Twenty-one deaths from ship fever, occurred in Boston last week.

Ex-Governor Ellsworth, of Connecticut, has been elected by the Legislature to the bench of the Supreme Court of that state.

Emigration is pouring rapidly into the Northwestern country—Iowa, Wisconsin, Missouri and Illinois—since the opening of spring, by way of St. Louis. The Review says that every boat leaving for the Upper Mississippi is freighted with emigrants from the East. We learn from the Independence (Mo.) Expositor, that that place is thronged every day with emigrants prepared to cross the mountains for Oregon or California.

It is stated in a Baltimore paper that Gen. Dromgoole has left his entire estate, with the exception of a few trifling legacies, to the children of Dogger, who was killed in a duel by him some ten years ago.

The term *guerrilla* is a diminutive of the Spanish word *guerra*, "war," and literally signifies a "little war."

There is real suffering from famine in Maryland. About Pleasant Hill, Charles county, persons were begging from door to door, and neither meal nor corn were to be bought.

EMBALMING.—A human body, embalmed by Ganal, in Paris in 1844, was recently exhumed at Pere La Chaise, in the presence of several eminent physicians, and found to be in a state of perfect preservation, thus establishing the reputation of this lost art.

POST OFFICE RESEARCHES.—Our neighbor Trott, Postmaster, of this city, in examining the papers thrown into his office, without *pre-paid* postage, and which of course remains there from a neglect of that requirement, found in one of them, directed to a young lady of Rhode Island, a *locket*, with a daguerreotype picture of some youthful swain.—*New London Star.*

THE WAR.—The *Vera Cruz* Eagle of May 15th thinks Gen. Scott will remain at Puebla till autumn. Capt. P. S. Brooks, of the '96 Boys, who has arrived in Hamburg, S. B., from Jalapa, also reports that Gen. Scott was preparing to go into summer quarters at Jalapa and Puebla, and to act upon the defensive until winter.

The Washington steamer sailed from New York for Bremen on Tuesday. Mr. Rush, minister to France, did not go in her on account of indisposition. Silas E. Burrows, of New York, took passage as bearer of despatches to St. Petersburg.

Sixty million bushels of bread stuffs says an English paper, are annually converted into intoxicating poison by the distillers and brewers of Great Britain, while seven million of her poor are starving for bread.

THE NEW YORK SUB-TREASURY.—The Sub-Treasury in New York has now in its vaults four million and a half of specie, of which half a million was placed there last week on account of Corcoran & Riggs' share of the loan.

ARGUMENT AGAINST THE DEATH PENALTY.—On the authority of Sir Fitzroy Kelly, it is stated that since the year 1709, no fewer than fourteen persons have been executed whose innocence had since been fully established.

Pa, what do they mean by raw soldiers? They mean those that have never stood fire. What! do they put raw soldiers to the fire and roast 'em!

BY THIS MORNING'S BOAT.

We are indebted to Gay & Co's Express for last evening's New York papers.

LATER FROM MEXICO.—The New Orleans Delta has received letters and papers from the city of Mexico, which contain intelligence to the 8th ult.

The Mexican papers still breathe war. They complain of the desertion of members of the national Congress, seventeen of whom had left their posts.

Letters from Orizaba report that General Scott is sick at Jalapa.

An American baggage wagon, containing \$60,000 in specie, has been captured.

At San Luis Potosi, the priests were striving their utmost to raise the enthusiasm of the people, and prevail on them to take up arms in defence of their country.

Letters from Durango report that Doniphan's command was counter marching to Chihuahua, in consequence of the receipt of intelligence that another insurrection had broken out in New Mexico, and that several Americans had been massacred.

The Bishop of Onjaca had contributed twenty thousand dollars for the prosecution of the war, and the churches were giving their plate, &c., for the same purpose.

FOUR DAYS LATER FROM EUROPE.—The ship Rainbow arrived at New York from Liverpool on the 1st inst., bringing dates to May 8th, four days later. The paper's contain no news of importance.

Markets.—The Liverpool corn report says the demand is animated, and that there has been a general advance since the 4th. Wheat sells at 4 to 6d. advance; flour, 3 to 4s per sack and 1s 6d. per bbl.; beans, 1s; corn, 2s; meal, 6d to 1s—receipts light, below demand, and a tendency to higher prices manifested.

London, May 5.—Advances continued. Corn, 3 to 4s higher than on the 2d; English Wheat 2s, and in good demand. The stocks of grain on the continent are much exhausted.

The steamboat race on the North River, was won by the Oregon, beating her competitor about half a mile.

THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of mosquitoes, and great annoyance from the unnatural darkness of her tanned complexion. Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet emollient,

Radway's Chinese Medicated Soap.

A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former pre-existing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps

recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hues of health, as some of our competitors vauntingly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivaled in the productions of Chemists, for the purposes for which it is recommended, and is a superior article to the Eau Divine de Venus and Nymph, (which is introduced to the public by our own master, which the proprietor of that article has ungenerously copied from one of our Circulaires of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market. Now we leave the public to judge for themselves. Do you wish to possess fair, healthy, pure, and sweet skin, free from all spots, blemishes, freckles, pimples, blotches, pustules, ring worms, &c. use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, and C. G. C. HAZZARD, Newport. Country Agents can be supplied by J. & R. G. RADWAY,

Dr. Bassing's Patent Body Lace, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Bassing's Lace, and be put off with nothing else.

WARRIOR, August 22, 1846.

Dr. Beardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lace which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfit for any regular business, till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lace, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

JAN. 8.

Dr. Wistar's BALSAM OF WILD CHERRY.—This is a chemical extract of Wild Cherry and Tar. Everybody knows that Wild Cherry possesses important medicinal properties; and Tar Water has always been administered in Consumption, and Lung affections generally, by our oldest and safest physicians.

Various remedies, it is true, have been offered and put into notice for the cure of diseases of the lungs, and some have been found no doubt very useful, but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed its effects, that none have proved as successful as this. For Asthma, Shortness of Breath, and similar affections, it may be pronounced a positive cure. It has cured Asthma in many cases of ten and twenty years standing, after physicians had declared the case beyond the reach of medicine.

This Balsam is made from materials which Nature has placed in all northern latitudes, as an antidote for diseases caused by cold climates.

Nature is but the name for an effect.

Whose cause is God?

Let us not neglect her plainest dictates.

None genuine, unless signed I. BUTTS on the wrapper. For sale by R. J. TAYLOR.

Wistar's Balsam of Wild Cherry, the great remedy for consumption, and the best known to man for asthma of every stage, liver complaints, bronchitis, influenza, coughs, colds, bleeding at the lungs, shortness of breath, pains and weakness in the side, breast &c., and all other diseases of the pulmonary organs.

A very important disease over which this 'Balsam' exerts a very powerful influence, is that of a diseased liver. In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action, and in many instances effected permanent cures, after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned, we also find it a very efficient remedy in Asthma, a complaint in which it has been extensively used, with decided success, even in cases of years standing.

It not only emanates from a regular physician, but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery, or in any way deceive the public by overstating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its superior efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that Consumption may and can be cured, if this medicine be resorted to in time.

None genuine, unless signed I. BUTTS on the wrapper. For sale by R. J. TAYLOR.

HYPNOTIC FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Bogle's advertisement in another column. His Hypnotic Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is of very superior quality.

Coon's German Pain Extractor. Saved a Fellow Creature's Life.

READ the following letter:

Chagatiko May 8, 1845.

Mr. M. P. Coons:—Dear Sir, Perhaps it is not known to you what your Salve has done for me, and as I understand that you have brought your article before the public, I therefore hasten to inform you of the benefits I have received from its use. On the twelfth of February, 1841, I received a severe wound in my knee joint by an axe, a Physician with council were sent for immediately, who considered my case desperate. I lingered along for the space of three months under Medical treatment, and when a Medical Consultation was called and amputation resolved upon. I firmly declared that my limb and body should not be separated, while life and reason lasted. At this crisis of affairs, a neighbor kindly offered to dress my leg with a plaster of your Pain Extractor as an experiment, to which I reluctantly consented. Two hours from the time it was first applied, the wound felt altogether more comfortable, and I rested with comparative ease. I procured a supply of the Salve and continued in the use of it alone for one week, and was then able to walk about some by the aid of Crutches. The wound continued to heal rapidly, and in five weeks from the first application of your salve, I was enabled to resume my occupation as a Carpenter. I can truly say, that I am wholly and solely indebted to your salve for my limb.

Yours, with due respect,

HENRY P. MYERS.

LORRAINE'S PILLS.

All persons require Pills.

DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicine had failed. In act there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth, and virtue.

Lynn, Dec. 17th, 1842.

Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pill is rapidly on the increase; they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood, I think they stand unrivaled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 8 boxes only of Lorraine's Pill. I might name many other cases where the cures have been as great, but have not time. Yours respectfully,

J. R. F. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pill, we have sold all we had just.

They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them; whatever; but, on the contrary, they have been praised loudly.

I think we could have quite a number of highly respectable certificates from our citizens.

Yours respectfully,

E. MASON.

Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pill, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully,

W. M. HALSTAL.

OPINION OF A SKILFUL PHYSICIAN.

Sir: the operation of Lorraine's Pill is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physic, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done Wonders within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.

DR. BANNING'S PATENT LACE.

An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia; Spinal Weakness, Piles, Prolapus, and Diseases of Women, without Medicines.

THIS instrument has been examined by Dr.

Three Powerful Agents Combined in one Grand Remedy.

Corn's German Salve; Vegetable Pain Extractor,

THIS very valuable triple combination of

remedy never fails in curing.

Dr. Boardman,

Sir:—In answer to your inquiry respecting my

case, I will merely say, that I have been sick since

I strained my breast and loins in May, 1836; from

that time continued to grow worse, when in the

fall of '39, I abandoned business, and have not

done any thing since. I suppose from all I could

learn about my case—frequently raising blood,

coughing very hard and expectorating profusely,

deriving no benefit from my physicians, and all

medicines recommended to me, that my case was

hopeless. Last winter my brother told me he had
